Fiscal Year-End Closing Review Checklist – June 30, 2022

Preparer: _____ **Unit Name(s):** _____

The Institute’s Fiscal Year-End Closing Review Checklist (Checklist) supports and emphasizes the shared responsibility for managing the Institute’s financial resources. To facilitate an orderly and timely closeout process of the Institute’s financial records, please use this Checklist in conjunction with the Year-End Closeout Memorandum and Chronological Schedule. All year-end documents are available on the Controller’s Office website via this link - [FY2022 Year-End Closeout Documents](#).

Please review the following Checklist items with employees who are assigned responsibility in these areas and confirm each item to the best of your current knowledge. Please use the space below each section for explanations and attach a continuation sheet(s) for additional explanations and disclosures if necessary.

There is no requirement to submit the Checklist to the Controller’s Office in fiscal year 2022. However, if you believe there are significant items that require management review, please send an email to fy.review@gatech.edu. Please include pertinent details and documentation describing the item(s). The Controller’s Office will review the information and respond accordingly.

It is important that campus users closely follow the dates listed on the Closeout Documents. For specific questions, contact the applicable support team per Page 2 of the Closeout Memo.
